

Hornet

Hornet Fifth Wheels and Travel Trailers • By Damon Corporation

Impeccable Hospitality on the Road.

The Hornet Towable series offers gracious hospitality at a remarkably affordable price. The vast number of floor configurations and options all exude an elegance and convenience that you probably thought were not possible on the road.

How about a galley that features a three-burner, high-output range with oven; flush-mounted refrigerator; and a large double-bowl, porcelain kitchen sink with a sink cover. Oak-framed cabinet doors, wainscoting and chair rails. Rich fashionable designer fabrics that softly reflect earthy tones and ocean scapes. Don't forget the accent pieces like decorator glass cabinet doors over the sofa and bed.

The warm, inviting atmosphere of the inside is equally reflected on the outside. Innovative exterior styling, featuring black radius-corner jalousie windows and a front travel awning (on travel trailers), effortlessly matches the rugged two-tone exterior wall.

No question, you'll marvel at the distinctive design of the Hornet by Damon Corporation. However, we also invite you to explore the precise engineering and quality construction that are the bedrock of such a prized recreational vehicle. The sidewalls of the Hornet feature a solid, wood-frame construction with aluminum exterior. Large exterior storage access and tandem, wide-track brake axles are standard, with many models offering impressive 15" radial tires with sport wheels.

Other optional amenities that put the finishing

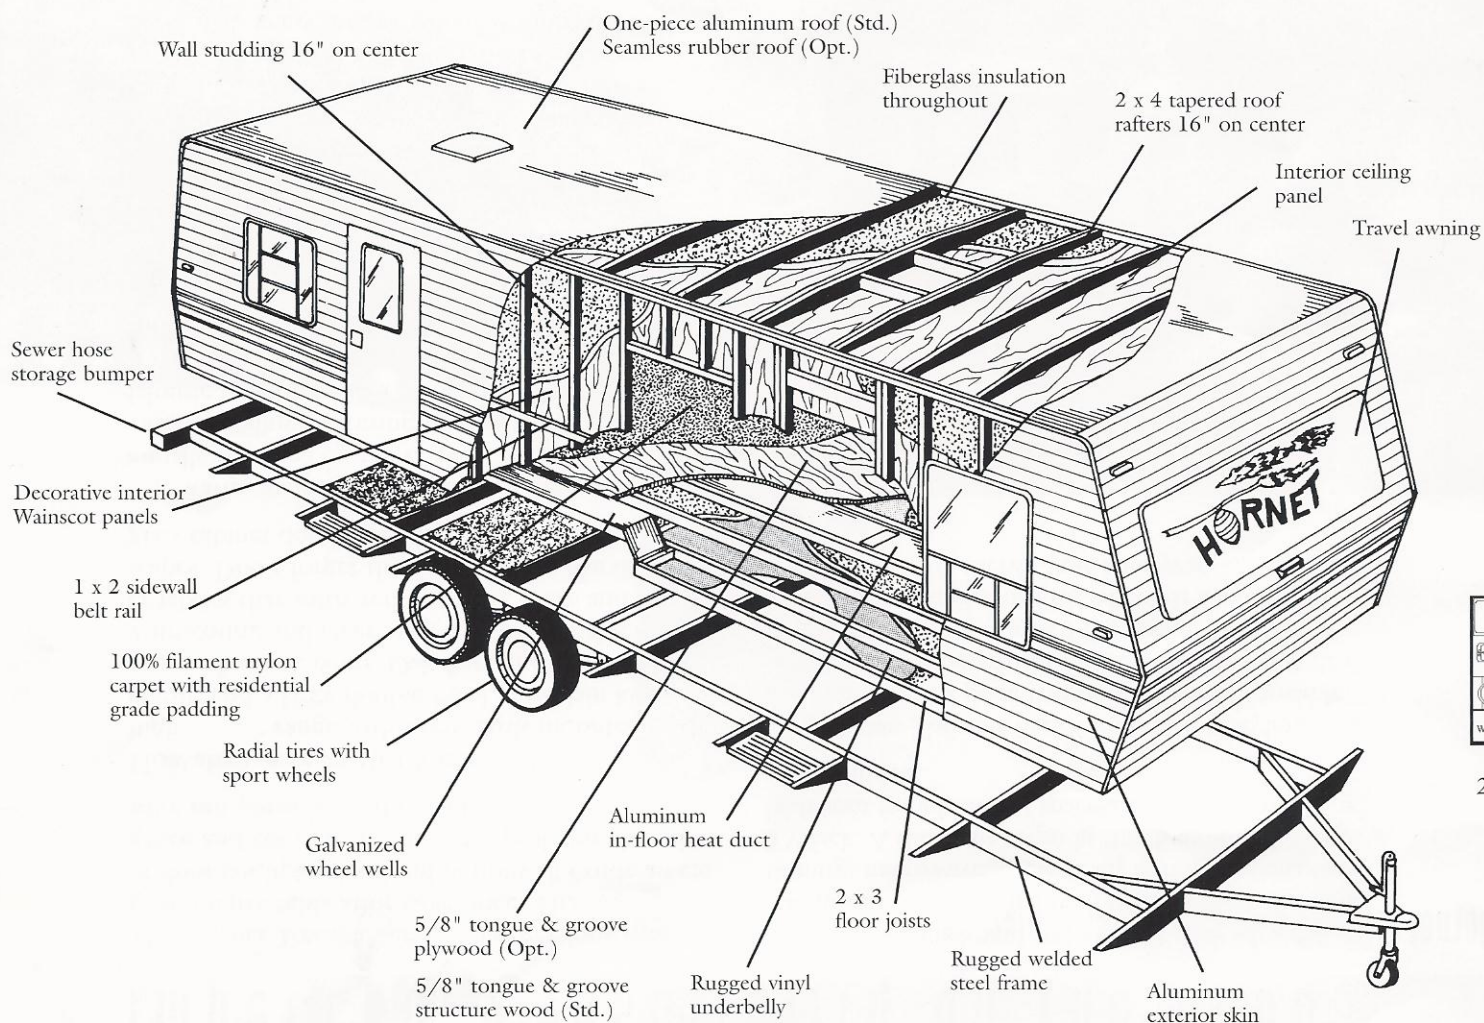

touches on your home away from home are a full-size queen or traditional twin beds, central air-conditioning, microwave, cable-ready wiring and auxiliary TV jack. A slide-out room in the dinette and bedroom for additional space are also available in select models.

The Hornet Towable Series. Impeccable styling and functionality at a price you never dreamed possible. But don't take our word. Head to your nearest dealer and discover for yourself the joys of RVing in a Hornet travel trailer or fifth wheel. It's a decision you'll be sure to cherish year after year.

(Left) Dine and relax in total luxury in the Hornet's eating and living areas, stylishly coordinated by complimentary upholstery, valances and drapes, and woodwork. (Center) The master bedroom is tailor-made for intimate evenings and lazy mornings with your choice of a queen-size bed or twin beds, plus matching bedding and drapes. Two windows let in the sun and air or can be shaded for privacy. (Right) Pictured here is the Hornet Travel Trailer model 32F with Everglade interior. Whichever model and decor you choose, you'll love the indulgent amenities, like a well-equipped, spacious kitchen.
