# GREAT NEW CHOICES FOR FAMILY CAMPING FUN

Coachmen's selection of floorplans and styles provides a camping trailer for nearly any budget and camping need. Choose from the popular Clipper series, featuring wide-body design and a variety of versatile floorplans, or the all new standard width Sports series which combines outstanding economy and value.

Both models are loaded with great features and equipment such as convenient inside/outside three burner range tops, decorator drapes and valances, free standing portable dinette tables, sectionalized vinyl tent and 4" high density foam dinette and bunk cushions. Popular options such as awnings and screen rooms are also available to help make camping in your Coachmen as comfortable as it is fun.

Take a close look at both Clipper and Sport and you'll see why they are both a favorite choice for both beginning and veteran campers alike.

- **Independent Rubberized Suspension.** This specially designed system helps prevent excessive swaying and bouncing when you're towing. It makes Clipper a joy to tow.

- **Wide Track Tires.** Coachmen uses larger tires than most manufacturers to assure better performance and safety. All eight and ten foot box campers feature 12" tires while all 12 foot models are equipped with 13" tires.

- **Stucco Embossed Metal.** This baked on finish will protect your camping trailer for years. It's highly resistant to scratches that can easily occur on smooth paint finishes.

- **Sectionalized Vinyl Tent.** The five-piece sectionalized vinyl tent provides durable, practical and reliable alternative to other materials being used in many camping trailers today. When repairs are necessary to the tent, sections can be removed and replaced without the need to remove

the entire tent. The vinyl is also more water resistant and less likely to mold or mildew.

- **Crowned Laminated Roof.** Newly designed roof has the strength and durability only found in laminated construction. The crowned design allows for controlled water runoff which eliminates standing water. All roofs are reinforced for roof air conditioners.

- **Deluxe Cushions.** When it comes to our interiors, we don't cut corners. Coachmen uses only high density,

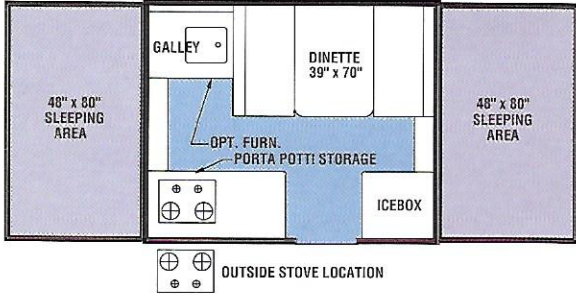

closed cell, 4" urethane cushions. These cushions will stay firm and comfortable for years to come.

- **Structurwood Flooring.** The 5/8" Structurwood flooring provides a sturdy foundation. Structurwood is 10% stronger than plywood. It's also more resistant to water and has no seams that can buckle or bow.

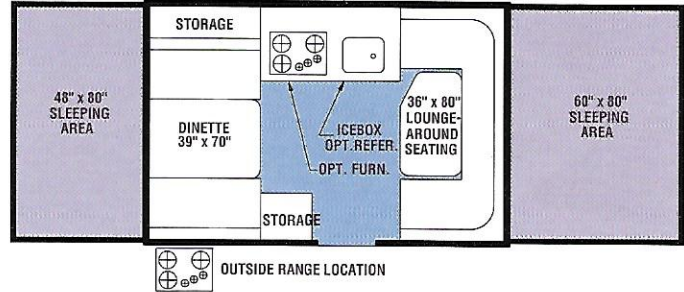

Compare Coachmen's Clipper with any other brand of camper on the market today. You'll see why Coachmen is "Leader To The Great Outdoors."

# FEATURES GALORE!

A complete photo album would be required to fully display the many features and innovations of Coachmen's affordable camping trailers. Here are just a few.

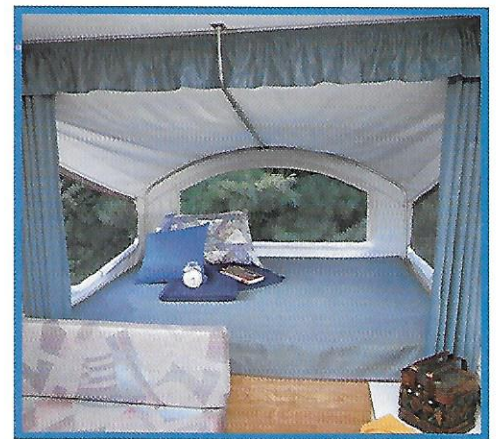

▲ Range tops are designed for use both inside and outside the camper. Dinette tables also are portable for dining under the sun or stars.

The Clipper 1070 ST features popular front trunk storage. This storage area is accessible from both inside and outside the camper. The outside doors are lockable.

◀ This handy ceiling mounted wardrobe bar helps keep clothes neat and easy to reach in the Clipper.

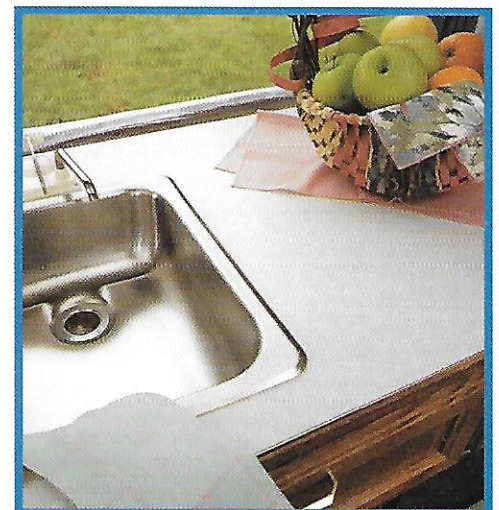

▲ Bunk areas feature firm and comfortable 4" high density closed cell foam cushions for outstanding durability. Optional bunk lights are also available to add even more convenience and livability.

▲ Clipper's five-piece sectionalized vinyl tent is water resistant to help prevent mold and mildew and, when necessary, much easier to repair than conventional one-piece tents.

Galleys feature a beautiful and rugged residential style countertop and stainless steel sink. ▶
