TRAVEL TRAILERS & FIFTH WHEELS

CHEROKEE

When the open road beckons and the wanderlust stirs, Cherokee by Forest River will help you answer the call. Cherokee travel trailers and fifth wheels are built to give you better comfort, style and value, so you can enjoy your travels to the fullest. Whether vacationing with your family, a romantic get-away for two, or going solo, Cherokee has all the features and amenities you're looking for. The best part is its affordable price and quality construction. You can be assured it's the right choice for exploring the many trails to adventure.

Extra tall/double shelf residential style cabinets.

Over-sized drawers. Over-sized dinette and table top.

Enjoy the Great Outdoors

As a buyer in today's market, you demand quality and luxury at an affordable price. We at Forest River, Inc. are committed to responding to consumer needs. A result of that commitment is our new 1999 Cherokee line.

Spacious does not adequately describe our kitchen and dinette areas. Cherokee offers a Dometic double door refrigerator with automatic switchover, solid oak edged cabinet doors with mortise and tenon jointing, stainless steel kitchen sinks, self-edged laminated tops, pedestal dinette table, 16" Magic Chef oven with a high output three burner range top, microwave, a range hood with a built in fan, and an overabundance of cabinet space.

Our living rooms lend themselves to rest and relaxation. You may listen to your favorite music on a built in premium sound stereo system, or watch any of your favorite TV programs. For your convenience there are TV and cable outlets in both the living room and the bedroom. The decor is among the most attractive found anywhere. A color choice of fabrics that are not only beautiful, but will clean easily and endure even the most rigorous use. Lighting may also be controlled in the living area by dimming your mini blinds.

In the bedroom you'll find sleeping quarters built for a king. With a queen walk-around bed standard...making the bed suddenly doesn't seem so bad. Bed lifters allow easy access to a large carpeted storage compartment. Cabinetry and drawers abound on either side of the bed allowing you to take longer and more enjoyable trips with your loved ones. Two stereo speakers located overhead will soothe you to sleep, or plug in your portable TV and view all your favorite programming. If a nap is in order, simply dim the room lighting by turning down your mini blinds.

Cherokee's exterior has been comprised of components that harmonize well together. With all radius baggage doors a nice uniform look is revealed. Cherokee's striping is based from the most current automotive colors. Large storage compartments (pass through on larger fifth wheels) will enable you to pack in an efficient and orderly fashion, thus making unloading much easier.

With Cherokee, you'll find everything at a fingertip's reach. We have specifically engineered each floor plan with ease of usability in mind. The Cherokee is beautifully appointed with features you'd never think possible in "affordable" models. The Cherokee is final evidence that Forest River will continue to lead the industry with the greatest selection and quality of products that can be found anywhere.
