

FIFTH WHEELS & TRAVEL TRAILERS

2 0 0 1

DISCOVERING LIFE BEGINS WITH
KNOWING HOW TO GET THERE

LET YOUR JOURNEY BEGIN IN A CHALLENGER

When you decide that you are ready for the utmost comfort and style, make Challenger part of your leisure life. You'll benefit from the pride and peace of mind which come when you know you own an RV with a long-standing reputation for attention to every detail. The experienced engineers and designers at Keystone Elkhart have thought of everything. There's absolutely nothing to worry about. So, go right ahead, focus on your journey and your chosen life style.

You'll appreciate Challenger's streamlined fiberglass exterior with fully integrated front and rear caps, the sweeping graphics, the efficient design of the slide-out seals, and the outside access to the huge, lighted pass-through storage areas.

Of course, Challenger's construction is one of the safest and sturdiest in the industry, including a strong I-beam in the underbody made of 8'-10" cambered steel. Beneath the floor, the heated and enclosed underbelly houses the holding tanks for colder climates to provide a barrier to the outside elements. Challenger's **straight roof line** on fifth wheels means more headroom (a full 8') through the entire

living area. This also allows for taller slide-outs, giving you 6'4" of headroom at the sofa and dinette—no more bumping your head!

From its one-piece roof to its aluminum framed sidewalls insulated with block foam for energy efficiency and sound control, the Challenger has been engineered to provide a luxurious, residential atmosphere while withstanding all the diverse conditions you'll encounter on the open road.

Challenger was designed for people who love the out-of-doors, but want to travel in comfort and ease.

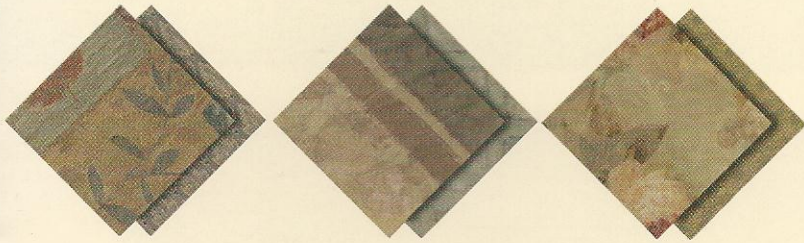

It's everything you ever wanted in a recreational vehicle. The journey of discovery begins with Challenger.

Huge windows in Challenger's slideouts extend your view of the great outdoors. Overhead cabinets with arched, leaded glass doors add to storage. Your entertainment center accommodates up to a 25" TV. You'll also enjoy the residential bookshelf style AM/FM stereo with cassette and CD, standard with every Challenger fifth wheel.

Shown here, the island kitchen in Challenger's 32TIB offers an abundance of cabinet and drawer space. Touches like the window and counter next to the range are the kinds of conveniences the competition simply does not offer. Challenger kitchens feature hardwood cabinet doors and refrigerator fronts, double-bowl residential-size sinks, and spacemaker microwave ovens.

Mediterranean

Costa del Sand

Pompeii Wheat

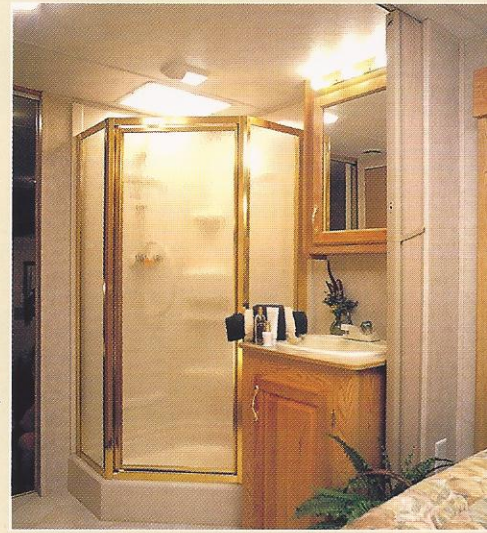

Designer Fabrics – Top swatch is the main fabric for sofas; the bottom swatch is the chair and accent fabric.

You'll be delighted with the craftsmanship of Challenger's cabinetry.

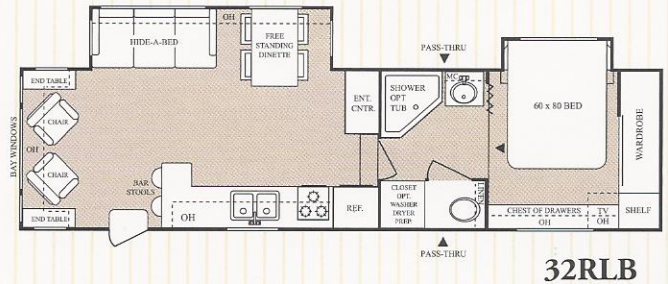

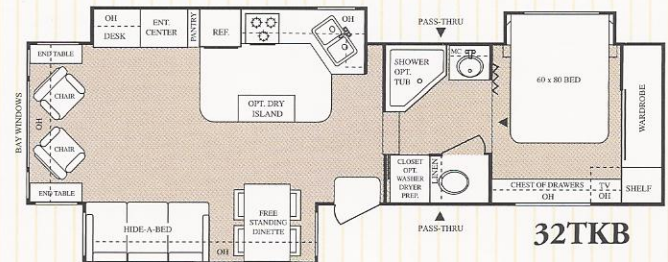

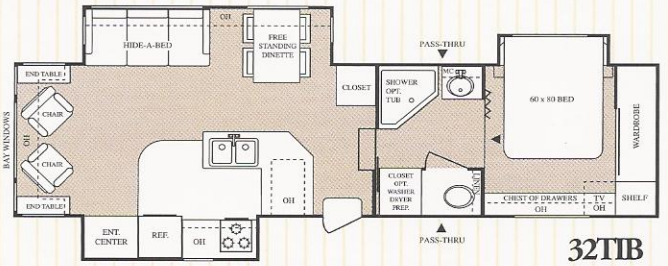

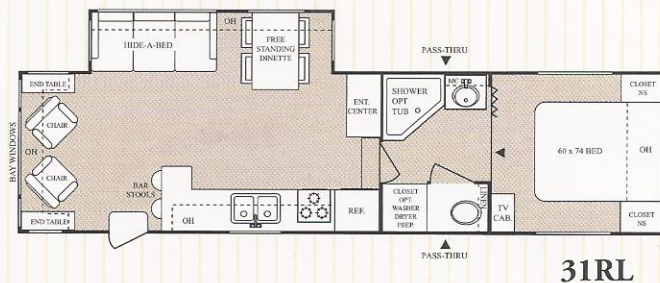

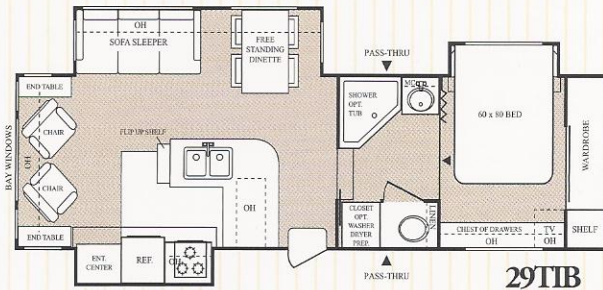

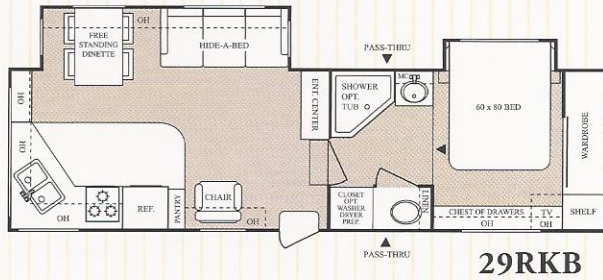

Doral Oak

This Challenger bathroom with skylight features a garden shower with neo-angle glass door, a medicine cabinet with cosmetic vanity lights, and a large sink. There's plenty of storage space in this efficient bathroom.

This beautiful Challenger 36TKB fifth wheel features a complete sofa/dinette slideout across from a full kitchen and entertainment center slideout, creating a huge, open floor plan with maximum livability. The extra-large bay windows in the rear lounge unite you with the out-of-doors. Or, control the lighting with the day/night shades behind the recliner/gliders (optional). In the dinette area of the slideout, other lighting includes the deluxe ceiling fixture and the optional pinup light. A 12-volt double light illuminates the sofa area. Beautifully grained Doral Oak cabinetry and designer upholstery, draperies, and carpeting complete the Challenger's luxurious interior.

Another well-planned area of the Challenger is our bedroom slideout in the fifth wheel, shown here. It features a wall-to-wall chest of drawers and a full-size 60"x80" queen bed not found in many RV's. The large window, an integrated TV shelf, convenient storage underneath the bed, and a huge front closet with sliding, mirrored doors complete this appealing Challenger bedroom.

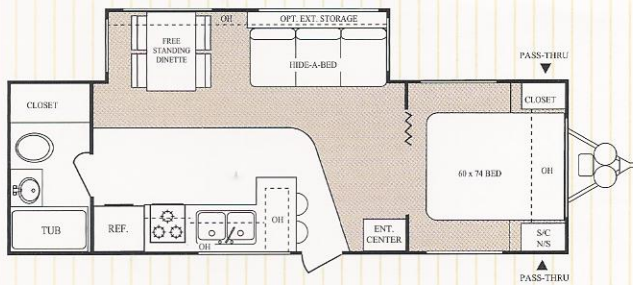

Featured in all fifth wheels, Challenger offers outside entry to a huge, fully lighted pass-through storage area, accessible from front or either side. Take along whatever you want to...

FIFTH WHEELS & TRAVEL TRAILERS

TRAVEL TRAILERS

27RB

32FL

The roadworthy, streamlined, Challenger travel trailer features fiberglass front and rear caps, a full sofa/dinette flush-floor slideout, standard with a free standing dinette and four high-back chairs, and many of the other high end features found in our deluxe fifth wheel. Choose from three designer color schemes.

Certain floor plans will not accommodate all of the Optional Features listed in this brochure.

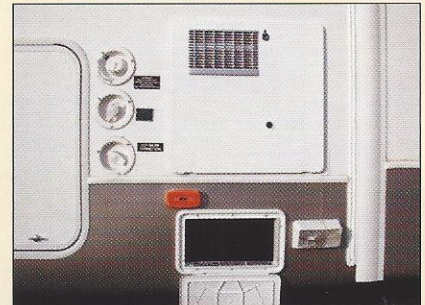

FIFTH WHEEL AND TRAVEL TRAILER STANDARD FEATURES

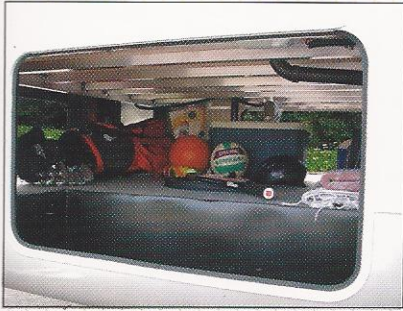

Clamp-ring edges around the storage compartments have radius corners, and, unlike the competition, there are no exposed screws, resulting in a cleaner look.

Ultra-Lube Challenger axles make lubricating simple. You won't need to interrupt your journey for a trip to the shop. Shown here are Challenger's optional aluminum wheels.

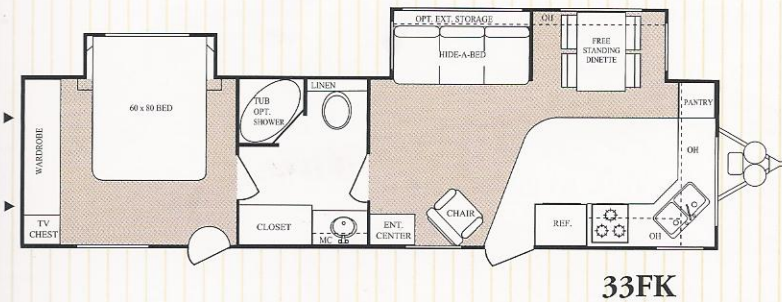

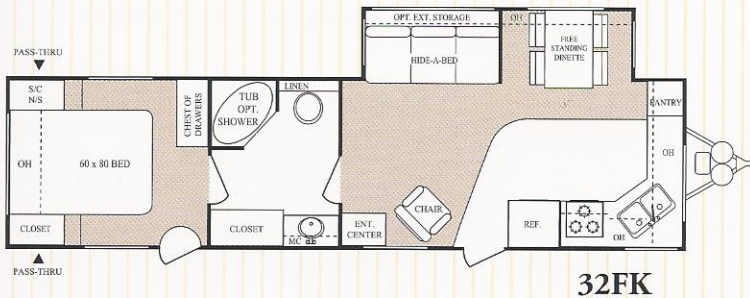

Convenience: Hook-ups and tank valves are located in one location. This is convenient for easy set-up as well as dumping.

Excellent storage is carefully engineered into every Challenger floor plan. Shown here is the huge pass-through compartment on fifth wheels. Also visible are the aluminum bath floor supports, strong but light.

The optional water purifier is mounted adjacent to the single-lever kitchen faucet. Note the sink cover, which provides additional counter space.

Features like this smooth exterior molding around the slide-out extrusion show the attention to detail you'll find throughout each Challenger travel trailer and fifth wheel.

CRAFTSMANSHIP

Every Challenger which leaves our factory in Elkhart, Indiana, is carefully crafted in each detail, with the same materials and techniques used in residential construction. Our cabinetry, for example, as shown here, is real wood, not fiberboard, assembled with screws, not staples! We use only the best materials, inspecting for quality control at every stage of product development.

EXCELLENCE

Challenger Travel Trailers and Fifth Wheels are proudly manufactured for you by the Elkhart Division of Keystone RV Company. We have created the Challenger line of towables to be truly remarkable in their beauty and residential warmth. The excellence of the Challenger is closely related to the fact that it is you, the customer, who determines our direction. We discuss your needs and your ideas every day by phone, fax, or e-mail, as expressed to us by our dealers across America and in Canada. From top management through to customer service and production, we are geared for fast response, while maintaining quality in all of our products and services. The Challenger is a result of that response. We invite you to join the family of satisfied Challenger customers, knowing that your feedback is welcomed and expected.

Challenger is a product of the Elkhart division of:
