the Great
Outdoors”*

Catalina. Exactly What You Want It To Be

Each individual may have a different idea of what to do with leisure time, but most people agree there simply isn't enough of it. That's why it's important to make every minute count. You can, with affordable Catalina Travel Trailers and Fifth Wheels. Catalina is exactly what you want it to be. . . a second home at the lake; a weekend getaway; or a comfortable way to travel across the country.

Many attributes explain Catalina's remarkable popularity. Maybe it's because Catalina is designed and built to stand up to real life. Or maybe because it comes in so many shapes and sizes – just like families. There's a Catalina model that matches your needs, lifestyle and budget.

The only thing missing from Catalina is your family! Whether you explore new territories or return to the solace of familiar ones, Catalina can take you there. Catalina is where your leisure time dreams become reality.

Enjoy a comfortable nights sleep, or a mid-afternoon nap on the deluxe inner spring queen mattress.

Coachmen's optional ducted roof air conditioning system is the best of its kind. Every angle, seal and vent has been carefully designed for maximum cooling with minimum condensation.

Most Catalina beds are equipped with a bed-lift storage system that features hydraulic cylinder lift struts for ease of operation.

With all of the storage the Catalina has to offer, you don't have to leave anything behind.

Another Coachmen innovation is the functional and handy under-sink silverware and utensil drawer.

Outstanding Service and Warranty

For over 35 years Coachmen RV has been leading the RV Industry in product design, dependability and customer service support. We work very hard to have our products exceed your expectations. Equally important is the service that we provide during your ownership experience. Whether it be information about your unit, reliable warranties, or industry leading service support... Coachmen RV ranks second to no one.

(Optional owner's information packet)

Buckstopper Warranty

Your Owner's registration card and our famous Buckstopper Limited Warranty is your passport to worry free travel. Our nationwide network of approximately 300 authorized Coachmen Service Centers stand ready to provide you with courteous, dependable and timely service.

Two Year Structural & Major Components Manufacturers Warranty

In addition to your One Year Buckstopper Limited Warranty, you can travel with confidence knowing that select major structural components such as walls, ceilings, and floors are covered for two years by Coachmen's extended Structural Limited Warranty. Coachmen product also comes with a limited Two Year Major Component Manufacturer's Warranty on select components. Please refer to our Product Warranty Summary Guide for complete details.

Service Assistance

Coachmen's Service & Parts Department is staffed with trained professionals that are committed to satisfying your needs. Coachmen provides a toll free service number for your assistance and convenience. And for those rare instances that a replacement part is required for your coach, Coachmen RV provides a Priority Customer Parts Order program for overnight part shipments in critical repair situations.

Coachmen RV features a complete parts and service center at the Middlebury, Indiana complex. Relax during your visit in our comfortable parts and service lounge.

Service Support Center Web Site

Presented as an option under the Coachmen RV Company web site (coachmenrv.com), this informative site offers:

- A Service Dealer Locator System
- Maintenance Information
- Troubleshooting Information
- Product Warranty Summary Information
- Customer "E-Assistance" Access
- ...and more

Visit our site and see for yourself that Coachmen RV is committed to taking care of our customers.

Ultimate Satisfaction – First

Coachmen RV owners regularly receive comprehensive surveys through our Ultimate Satisfaction – First (US1 Program). US1 questionnaires provide us with valuable information regarding our customers' products as well as the purchase and ownership experience. Listening to our customers helps us achieve your... "Ultimate Satisfaction – First".

Base Weight: The weight of the unit with no fluids, cargo, optional equipment or accessories.

GVWR (Gross Vehicle Weight Rating): The maximum permissible weight of the unit, including the Base Weight plus all fluids, cargo, optional equipment and accessories. For safety and product performance, do not exceed the GVWR.

Carrying Capacity: The difference between the Base Weight and the GVWR. This is the amount of weight available for all fluids, cargo, optional equipment and accessories. The actual "loaded" weight will depend on the equipped unit and the owner's individual choice of cargo, etc.

Wider Widths: Numerous Coachmen floorplans feature the "wide body" design concept, which gives you significantly enhanced interior living space and innovative floorplans.

In making your purchase decision, you should be aware that a few states restrict access on some or all roads within the state to vehicles with a maximum 96" width, although special road

usage permits may be available. Vehicles up to 102" in width are permitted in the vast majority of states. You should confirm the road usage laws in the states of interest to you before making your purchase decision. If width is of concern to you, we invite you to consider the broad array of other Coachmen models offered in the standard 96" width.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Coachmen reserves the right to make all such changes without notice, including changes in prices, colors, materials, equipment and specifications, as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Coachmen dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision.

Visit our website at: www.coachmenrv.com

Take a Closer Look at Coachmen Quality Construction

1 We believe in our products and back them with a two year structural warranty.

2 Our truss roof rafters are similar to home construction and offer terrific strength.

3 We deck our entire roof to add strength and to assure a smooth roof, which improves water run off.

4 Wood cabinets, with screwed (not stapled) fronts are mounted to backings in the sidewalls so they stay secure and tight.

5 Our entry door is 30" wide, has an integrated drip rail and is painted to avoid unattractive metal oxidation which occurs on unpainted door frames.

6 We use top quality, #2 grade spruce lumber on 16" centers for strength and durability.

7 We insulate around every refrigerator to improve operating efficiency and prolong the trouble free life of the refrigerator.

8 All copper LP lines have double flare fittings to help assure no rust will get into and damage your appliances the way black steel LP lines can.

9 Plumbing - All fresh water lines are polybutelene (crack and freeze resistant). Holding tanks are crafted from rotocast and durable polypropylene.

10 Take a look under the floor at our well organized and secure electrical wiring and LP lines.

11 Weyerhaeuser Structurwood Floors come in 24 foot lengths to reduce seams and create a floor that is stronger than plywood.

12 Aluminum floor ducting distributes heat throughout the entire unit from a centrally located electronic ignition furnace.

Note: Tubular steel frame shown

men "Even Cool" ducted roof air conditioning provides quiet, cool air that easily passes through the same extruded baffled used in household construction.

27 A 2" x 10" header called Timberstrand assures a precisely straight and strong support for the slideroom opening.

26 The slideroom roof is tapered to assure a controlled water run-off.

25 Baked enamel aluminum with no vertical seams in the metal, eliminates leak areas. (Fiberglass sidewalls are optional on most floorplans)

23 Crowned, seamless rubber roofs allow a controlled water run-off, to help prevent leaks.

22 Safety is utmost. The LP leak alarm, fire extinguishers, smoke detector and heavy link safety chain are all standard.

21 We use only radius clamp ring windows which have no exterior fasteners or screw covers. We also seal our windows with butyl encapsulated foam for a water tight fit.

20 Windows in the slideroom sidewall provide an open feeling and are always slide windows (not jalousie) to prevent accidents when moving your slideroom.

19 Owens-Corning fiberglass insulation, with an R-7 rating, is carefully hand packed between each stud to maximize the insulation's effectiveness.

18 All wheel wells are galvanized steel and are sealed and undercoated with Kendall Automotive Sound & Seal.

17 Slide room floors are framed in tubular steel to provide a solid foundation.

16 Independent suspension and brakes on all wheels with automotive studded hubs and lug nuts.

14 We wrap the entire underbelly with a tear resistant, fiber laminated, polypropylene material called Darco to keep water and dirt out.

15 All exterior storage doors have latches to hold the door open which makes for easy access to the storage areas. Abundant interior storage includes large residential style closet drawers and innovative under sink utensil drawer. All drawers utilize residential metal drawer glides.

24 Metal sleeves in wall studs protect all 110 volt wiring.

Steel framing, with full outriggers and cross members provide a reliable foundation to build upon.

Illustration. Some units are constructed with I-beam steel.

A Proud History of Quality & Value

Coachmen RV Company has a long and proud history of quality product with unparalleled value and true commitment to the thousands of RV enthusiasts that have chosen Coachmen as their RV of choice.

Coachmen RV Company is a proven leader in the RV Industry with over 35 years of experience. Our mission is to make your total RV ownership experience the best possible by offering you the highest quality and reliability on the market today. Whether you look at our full breadth of product and model offerings, our Industry first Buckstopper Warranty, our customer driven service assistance, our Coachmen Caravan camping club, or our proven track record... Coachmen RV Company is understandably the "Leader to the Great Outdoors".

In 1964 Coachmen Industries was founded by three brothers, Tom, Keith and Claude Corson with a dream and a vision of dedication to the enrichment of your life through enjoyment of the RV lifestyle.

Come visit us at our Complex in Middlebury, Indiana (above) where you can relax at our Visitor's Center and enjoy guided tours of the assembly plants. Also visit us at our facilities in Fitzgerald, Georgia, Goshen, Indiana and Grants Pass, Oregon.

Incredible Sales Growth Continues

Coachmen RV cumulative growth for the past seven years (1993-1999)

Source: Statistical Surveys (December 1999 YTD)

They built Coachmen on principles such as:

- Practice the Golden Rule
- Our Word is Our Bond
- Business goes where it is invited and stays where it is well cared for

Through these principles, Coachmen has flourished over the years and become the leader throughout the RV Industry.

We've learned what makes an RV reliable, practical, and enjoyable, as well as how to enhance the RV lifestyle once you have chosen a Coachmen RV. We have accomplished this by listening to our customers. Our product's design, features, and amenities are driven by our customers. We listen because we care! And because we listen, our products, our services, and our programs are the best in the Industry. Coachmen products are designed with your needs in mind!

Come and enjoy the RV lifestyle. Create memories of a lifetime with your family and friends. Take a closer look at the...

"Leader to the Great Outdoors"

— Coachmen RV Company.

Advanced Engineering

Up-Front Design for Long Term Comfort

Founded in 1964, Coachmen is one of the oldest, continuous producing manufacturers of recreational vehicles. A secret of our success is our commitment to the continuous improvement of our products.

We have learned that quality must be designed and built into the products, up front. Combining experience and technology, we are able to prevent many problems before they arise, through proper analysis and testing.

Design & Analysis

Unlike most companies, Coachmen uses computerized technology for much more than simple drafting applications.

At Coachmen RV, we utilize and rely on advanced computer technology to design and engineer a reliable and safe vehicle for you and your family. Finite Element Analysis helps evaluate structural integrity of components and systems quickly and efficiently. 3D model simulations and numerous other process and software systems are also used in the design and development of Coachmen recreational vehicles.

Computer weight testing is per-

formed on every new model. Before a floorplan is approved, we know the approximate weights, including dry and loaded, front and rear axle weights and even side-to-side weights which affect towing. After a model is built, the computer analysis is manually verified.

Performance Testing

Coachmen does not want, nor expect, our customers to be the "proving ground." We believe it is our job to adequately test our products, before they reach our customers.

Coachmen subjects its new models to a myriad of stringent tests, before introduction to the customer. Rigorous road tests, sometimes up to 15,000 simulated miles, are performed on actual production units, to verify computer model-

ing. Studies are made of structural integrity, stress analysis, cabinetry durability, weight loading, vibration analysis and handling.

There can be little doubt that Coachmen has superior quality – by design.

Accurate & Specific Weights

Every Coachmen model has a weight label to provide you with specific and accurate weights and ratings of your unit. These comprehensive weight information labels are posted in your vehicle providing you with critical information such as the unit's Gross Vehicle Weight rating and Carrying Capacity.

Leak Prevention

Every unit we produce is tested for leaks in a high-pressure rain chamber, designed to simulate a driving rain, not just a spring shower.

Every corner – at the roof, floor and sidewall is wrapped, sealed and secured. All roof and sidewall openings receive framing reinforcement, and are sealed with a non-shrinking, pliable silicone.

To promote water drainage and leak protection, all roofs have tapered rafters.

Coachmen goes the extra mile to ensure a quality built and hassle free RV.

Optional Filon® fiberglass sidewalls are available on several Catalina floorplans.

International Coachmen Caravan Offers Friends and Fun for Life

With your purchase of a Coachmen RV you are invited to join the nation's largest manufacturer sponsored RV club at a discounted rate...International Coachmen Caravan.

Consisting of over 23,000 member families, the Coachmen Caravan was established in 1966 to help our owners enjoy RV ownership to its fullest.

With the Coachmen Caravan there are unlimited opportunities for you and your family to form lifelong friendships; improve and share your unique talents, skills and crafts; be active in running your club; and exchange ideas, information and

helpful hints – all these, plus the many benefits outlined below, are uniquely yours through the International Coachmen Caravan.

Incredible Membership Benefits. Your Caravan membership brings you a multitude of benefits that will help to ensure your safety and enjoyment throughout your RV experiences:

Coachmen RV Invites Public to Tour Facilities

The Coachmen Visitor's Center in Middlebury, Indiana is your starting point for weekday tours of our motorhome, travel trailer and fifth wheel manufacturing plants. Also located at the Visitor's Center is the headquarters of the International Coachmen Caravan Owners Club and the Coachmen RV store, "Pete's Market", loaded with a large selection of Coachmen RV clothes and merchandise. Please call ahead for tour information and times. The Coachmen RV plants in Fitzgerald, Georgia, Goshen, Indiana and Grants Pass, Oregon produce travel trailers and fifth wheels only. Motorhome production tours are available only at the Middlebury location.

Decor Selections

Blue Dimension

Prairie Sand

Springfield Sage

Dazzling interiors feature skillfully coordinated upholstery and window treatments. Coachmen RV chooses only top-grade fabrics wear-dated as heavy-duty. These fabrics have been tested for durability beyond 15,000 double rubs (in and out action) to simulate heavy usage. An average chair in an American home is subjected to only 3,000 double rubs per year.

Coachmen RV Forms Alliance with Disney

Coachmen RV Company and WALT DISNEY WORLD® Resort, respective leaders in the recreational vehicle (RV) and entertainment/family vacation industries, have formed an alliance that will allow the companies to work together into the new millennium. Coachmen is now the Official RV of Disney's Fort Wilderness Resort and Campground and Disney's Wide World of Sports™ Complex in Florida.

As part of this new alliance, Coachmen RVs will be prominently displayed at Disney's 750-acre campground resort. Disney's Fort Wilderness Resort and Campground, affectionately known as the "most magical campground in the World", boasts nearly 800 campsites, 700 of which are full hook-up sites for RVs. It also features over 400 deluxe Wilderness Cabins as well as various recreational and entertainment

facilities. This elite resort is one of the three original vacation resorts opened when WALT DISNEY WORLD® Resort premiered in 1971. A Coachmen RV will be displayed

near Pioneer Hall, home of the popular Hoop-Dee-Do Musical Revue, the longest running dinner show at WALT DISNEY WORLD® Resort.

Coachmen RVs will also be a part of the Disney magic at Disney's Wide World of Sports™ Complex. Spanning 200 acres, this ultra modern facility, features a 10,000 seat baseball stadium which is also the spring training home

of the Atlanta Braves. The complex, designed for athletes and fans alike, includes numerous state-of-the-art playing fields and venues serving a wide variety of sports. Disney's Wide World of Sports™ is truly the "ultimate sports destination".

A Company You Can Trust Since 1964

It all began in 1964. A small company started on its way to becoming one of the most recognized names in the Recreational Vehicle Industry. Right away Coachmen started earning the reputation as a leader.

From the beginning it was obvious that Coachmen is a company that cares about the products it produces and the people who enjoy them; always looking for better ways to bring the pure enjoyment of the RV Lifestyle to more and more families.

In the nearly four decades since Coachmen's modest

beginnings, countless companies have come and gone. But Coachmen has stayed the course. From product development to service after the sale, Coachmen has helped set the standards for others to follow. Many of today's product designs, manufacturing techniques and product warranties are a result of Coachmen innovations.

Coachmen—Celebrating over 35 Years as "Leader to the Great Outdoors."
