LEADER TO THE GREAT OUTDOORS®

Somerset™ Dream Catcher...

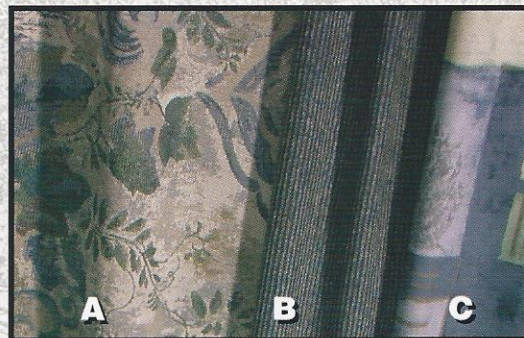

The beautiful interior of the 370 RLS is loaded with valuable features, such as: designer window treatments, optional hardwood free standing dinette with four chairs, fluorescent ceiling lights, raised panel cabinetry throughout, deluxe slideroom overhead cabinets and shelves, optional designer rug, beautiful entertainment center, day/night shades, decorative interior lighting package, and optional residential wall hugger recliners.

... Upscale Luxury with a Down to Earth price

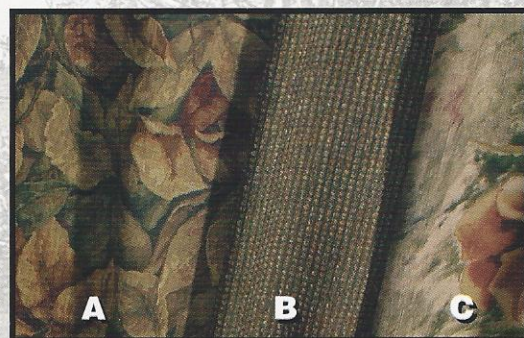

American's love for travel continues to grow. Motivated by the rediscovery of family, self-renewal and a desire to make the most of every day, we respond to the call of the open road like never before. Few fifth wheel RV's answer that call like the Somerset™ Dream Catcher.

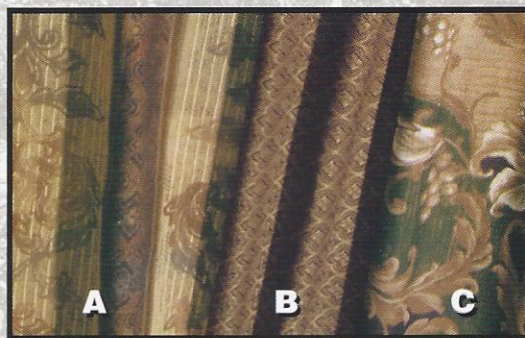

The Somerset™ Dream Catcher is a unique combination of cutting-edge technology and outstanding value. The sleek fiberglass sidewalls make an excellent impression on the road, while it's rugged laminated, aluminum framed structure provides outstanding strength and durability. The only word that adequately describes it is: "inspired". Spacious floorplans with luxury accommodations and features, let you make the most of your every moment – no matter how or where you choose to spend it.

Fabric Key—A. Main B. Accent C. Bedspread

Decor Selections

Dazzling interiors feature skillfully coordinated upholstery and window treatments. Coachmen RV chooses only top-grade fabrics wear-dated as heavy-duty. These fabrics have been tested for durability beyond 15,000 double rubs (in and out action) to simulate heavy usage. An average chair in an American home is subjected to only 3,000 double rubs per year.

Somerset™ Dream Catcher Features Galore

Check out the Somerset™ Dream Catcher by Coachmen, and see the outstanding value that is designed into every coach. These aluminum framed laminated units have features galore that will enhance your RV'ing experience. It's sometimes the things you can't see like our **Alumicage™** construction and **Duratube™** LP lines that set us apart from the crowd, while other times it's the items that are easily visible from inside or outside the coach. Take a minute to see just a few of the benefits that set us apart from the rest.

Our standard metal drawer glides with glide wheels provide a friction free sliding drawer that is extremely durable. The drawer glides also act as a catch so that the drawer will not slide open during travel. Simply lift up and pull to open the drawers.

As part of the optional convenience package, the rechargeable flashlight and rechargeable wet/dry vacuum have been designed right into the coach. They are out of the way yet still within short reach when necessary. A whole system water purifier, paper towel holder, clothes hamper, and Grill 2 Go are also included with the convenience package.

*The Coachmen **Even Cool™** air conditioning system is ducted through the crowned roof, and utilizes AMOCO insulated ductwork with radiused corners to provide for maximum cooling efficiency.*

Even Cool™
By Coachmen

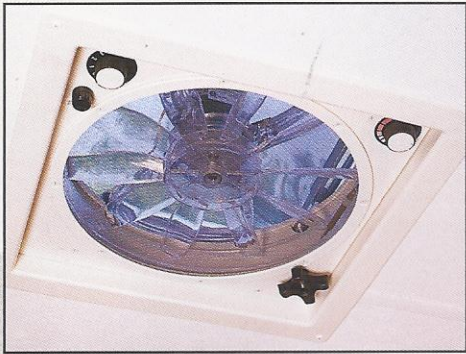

The optional Hide-A-Bed sofa provides comfortable seating during the day and easily folds out into a large bed for your extra guests.

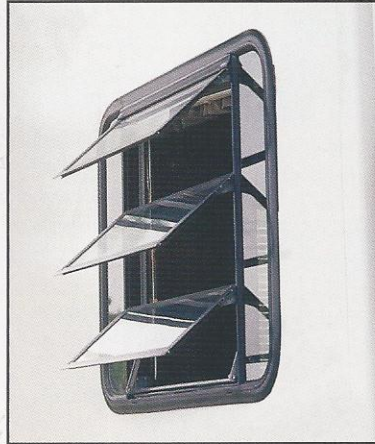

Skillfully designed sink and plumbing placement have allowed us to utilize the under sink space as a convenient silverware/utensil drawer that maximizes your interior storage space.

Don't fumble around late at night looking for a tiny light switch. The extra large toggle wall switches are conveniently located and can be flipped on/off with the palm of your hand.

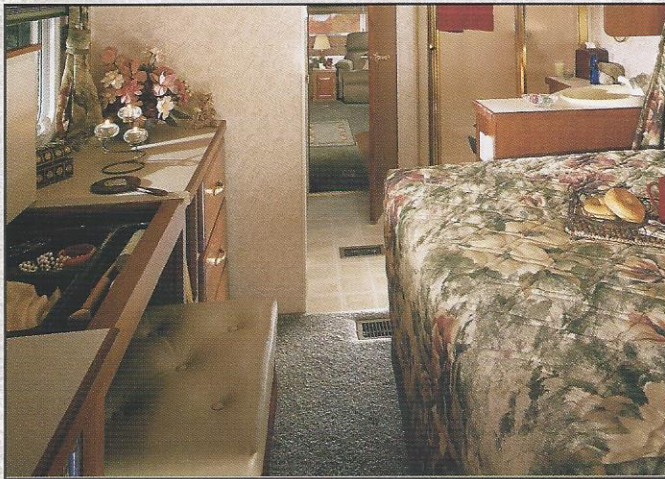

The optional Fantastic Fan™ with variable speed control, is quiet, yet powerful enough to keep fresh air circulating through the coach.

Jalousie bedroom windows tilt out design allows them to be opened for ventilation even when the weather outside is less than favorable. Just because the rain keeps you inside, doesn't mean that you can't enjoy fresh air outside.

Upgraded fluorescent ceiling lights provide enhanced illumination for the interior of the coach.

Most Somerset™ Dream Catcher bedrooms are equipped with a lift up vanity and storage space for your supplies underneath. The optional padded stool makes this a very functional feature.

The optional designer throw rugs are a great way to enhance the interior appeal of your coach.

The trash can is designed into the galley cabinets so that it is out of view while still being convenient to use. This is just another way that Coachmen pays attention to the details for your comfort.

The optional, large double door refrigerator is designed for maximum storage capacity with door storage and a handy freezer shelf. A convenient refrigerator light is also standard for those midnight cravings.

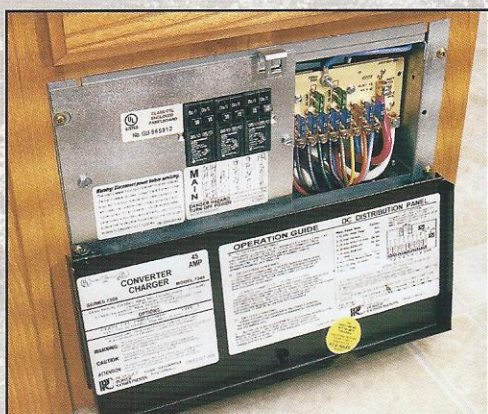

More Somerset™ Dream Catcher Features

All Coachmen RV products come standard with an LP leak detector, fire extinguisher and smoke detector for your safety.

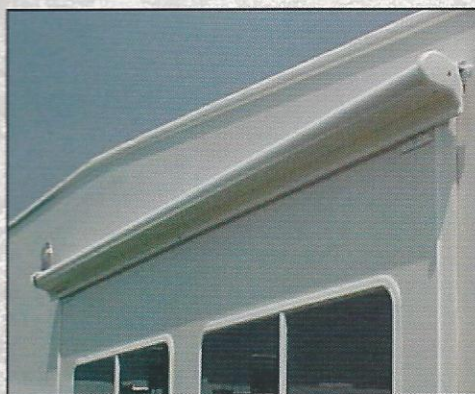

The Flair-It™ compression fitting water line system reduces the number of fittings used (approximately 56% less). Fewer fittings means lower risk of a leak occurring.

The electronic converter is whisper quiet for a good night's sleep. It also provides a more consistent power to your lights for better illumination.

The large fold away exterior grab handle provides a sturdy hand hold when entering and exiting the unit. The handle easily folds up against the unit for safe travel.

The optional slide-room awning expands and contracts with the slide-room to keep the exterior elements off of the slideout roof. This eliminates the need to climb up and brush off the dust and debris buildup that can occur over time.

The optional, large 8" security lights provide superb exterior illumination in the dark of night.

All Somerset fifth wheels utilize DuraTube™ full length copper LP lines with double flared ends to ensure a tight seal and years of corrosion free use. Coachmen builds quality for the long haul.

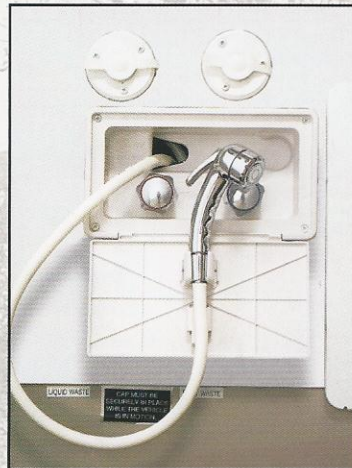

Exterior storage has been utilized to its fullest with multiple locking storage door locations. All baggage doors are radiused to eliminate snags and scratches as you walk by. Convenient door latches are also provided to hold the storage doors open while you grab your gear.

The optional **Grill-2-Go™** and accompanying table offer you the ultimate grilling duo. Lightweight, durable and extremely functional, this combination was designed to give you the opportunity for a grilling extravaganza.

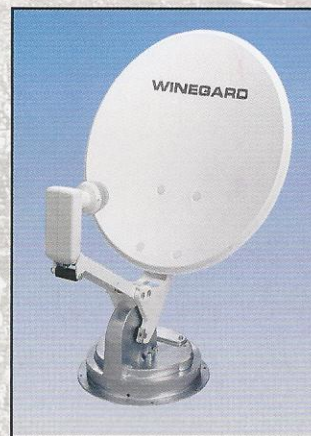

The optional exterior entertainment center is your one stop shop for entertainment with features like: dual marine grade speakers, 110 volt outlet, coaxial input jack, phone jack and headphone inputs with a separate volume control.

The optional outside shower features an ergonomically designed sprayer and can be conveniently tucked away in its own storage bay.

The standard E-Z Lube axles make for simple maintenance of your rig, while the optional aluminum wheels provide a stylish exterior appearance.

Get a better picture and more channels with the optional satellite dish.

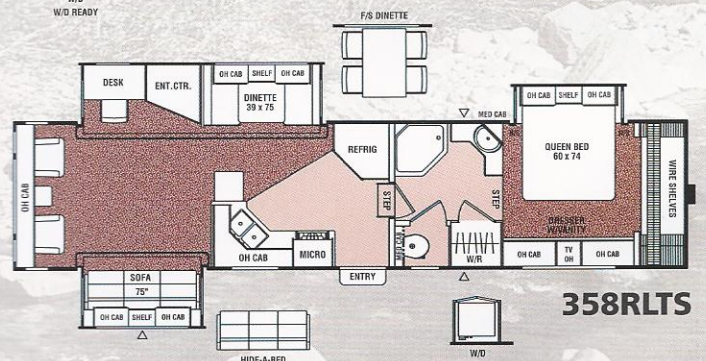

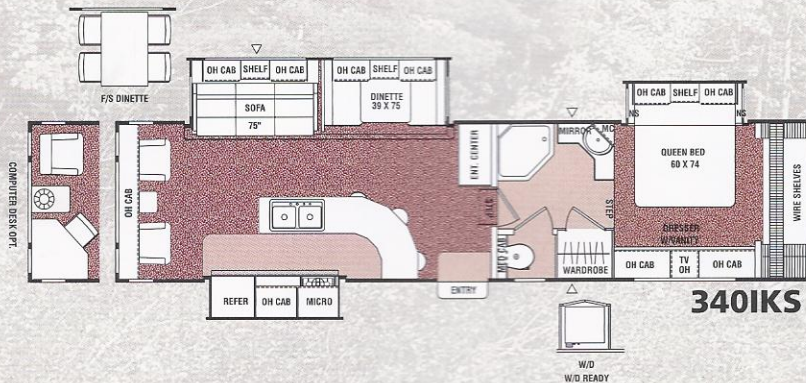

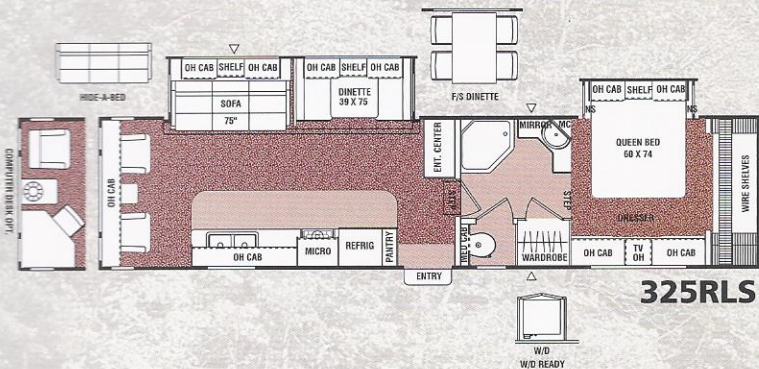

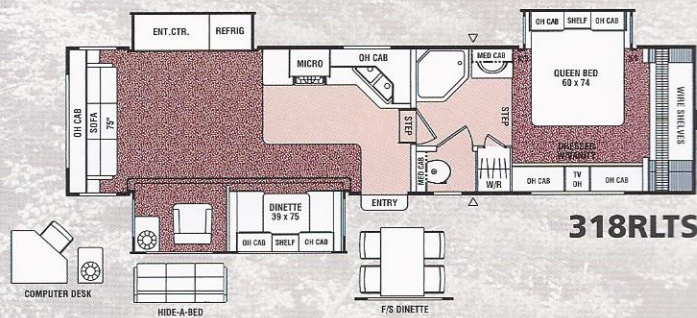

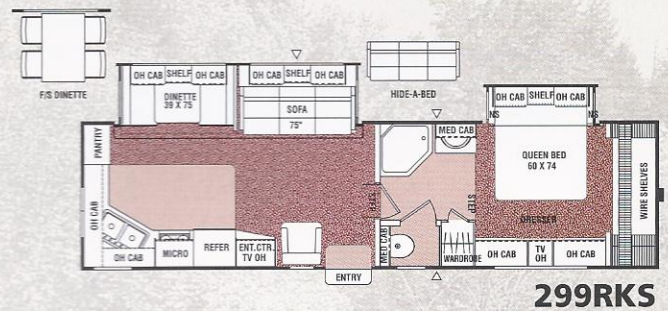

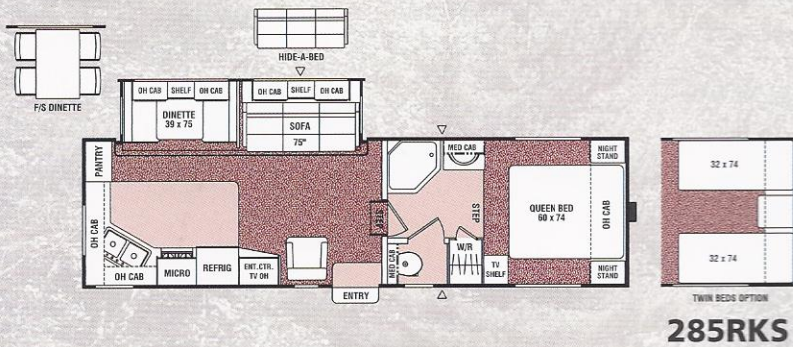

By Coachmen

All Somerset™ Dream Catcher fifth wheels feature **Alumicage™** construction. This lightweight, corrosion resistant, aircraft grade aluminum material is utilized throughout the floor, roof and walls for superior strength and light weight.

& Specifications

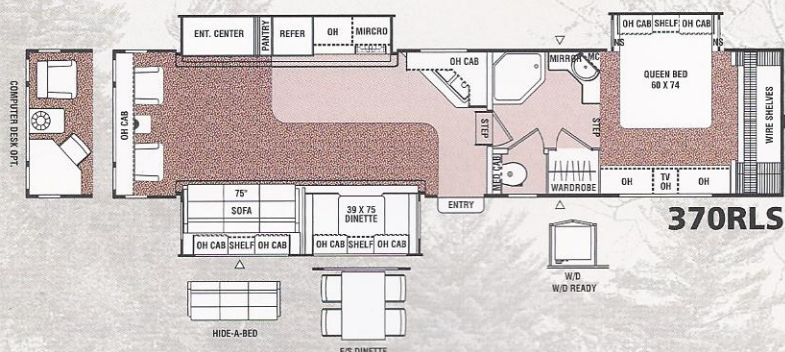

Base Weight: The weight of the unit with no fluids, cargo, optional equipment or accessories.

GVWR (Gross Vehicle Weight Rating): The maximum permissible weight of the unit, including the Base Weight plus all fluids, cargo, optional equipment and accessories. For safety and product performance, do not exceed the GVWR.

Wider Widths: Numerous Coachmen floorplans feature the "wide body" design concept, which gives you significantly enhanced interior living space and innovative floorplans.

In making your purchase decision, you should be aware that a few states restrict access on some or all roads within the state to vehicle with a maximum 96" width, although special road usage permits may be available. Vehicles up to 102" in width are permitted in the vast majority of states. You should confirm the road usage laws in the states of interest to you before making your purchase decision. If width is of concern to you, we invite you to consider the broad array of other Coachmen models offered in the standard 96" width.

Carrying Capacity: The difference between the Base Weight and the GVWR. This is the amount of weight available for all fluids, cargo, optional equipment and accessories. The actual "loaded" weight will depend on the equipped unit and the owner's individual choice of cargo, etc.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Coachmen reserves the right to make all such changes without notice, including changes in prices, colors, materials, equipment and specifications, as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Coachmen dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision.

Engineering

At Coachmen RV, we utilize and rely on advanced computer technology to design and engineer a reliable and safe vehicle for you and your family. Finite Element Analysis helps evaluate structural integrity of components and systems quickly and efficiently. 3-D model simulations and numerous other process and software systems are also used in the design and development of Coachmen recreational vehicles to build the quality and reliability that you expect from Coachmen.

- ☐ Door Side & Off Door Side Security Lights
- ☐ Owner's Information Package
- ☐ Designer Throw Rugs
- ☐ Vanity Stool (Except 285RKS)
- ☐ VCR or DVD Player
- ☐ Aluminum Wheels
- ☐ Waste Tank Flush System
- ☐ Fantastic Fan

Take a closer look at Coachmen Quality & Construction

- 1** The eye catching and aerodynamic fiberglass front and rear caps are a standard feature on all Somerset Dream Catchers.
- 2** Seamless Weyerhaeuser Structurwood Floors eliminate squeaks and create a floor that is stronger than conventional ply-wood. It is also backed with a 25 year Weyerhaeuser component warranty.
- 3** I-Beam chassis framing with full width steel outriggers and cross members provides a long lasting and durable foundation for the coach to be built on.
- 4** A large pass through storage bay provides plenty of storage for all of your goods.

- 5** All Somerset™ Fifth Wheels feature **Alumicage™** construction. This lightweight, corrosion resistant, aircraft grade aluminum material is utilized throughout the floor, roof and walls for superior strength and lightweight.

- 6** Adjustable leaf spring suspension and brakes on all wheels with automotive studded hubs and lug nuts. Standard E-Z Lube axles make it simple to keep your unit running smoothly.
- 7** All outside storage doors have latches to hold the door open, which makes access to the storage areas even easier.
- 8** Functional windows on the slideroom ends provide increased air circulation.

- 9** We use only radius clamp ring windows, which have no exterior fasteners or screw covers. We then seal our windows with butyl-encapsulated foam for years of trouble free use.
- 10** We taper the slideroom roof to assure a controlled water run-off.
- 11** The Somerset Dream Catcher's roof and sidewalls are vacuumbonded for outstanding strength.

- 12** Seamless rubber roofs are crowned to allow controlled water run-off, which helps prevent leaks.
- 13** All roof openings are double sealed with butyl tape and a self-leveling adhesive for a superior watertight seal.
- 14** The Coachmen **Even Cool™** air conditioning system utilizes AMOCO insulated ductwork with radiused corners to provide for maximum cooling efficiency.
- 15** Arched aluminum roof trusses offer outstanding strength and durability.

Additional Value Added Construction Features

- We insulate around the refrigerator to improve operating efficiency and prolong the trouble free life of the refrigerator.
- Convenience lights are strategically located for maximum exterior visibility.
- Jalousie bedroom windows tilt out design lets the window be open for ventilation even when it is raining outside.
- Wood cabinets are screwed together, and then into backers in the sidewalls so they stay secure and won't pull free.
- Our water tanks are heated and enclosed for year round use.
- **DURAtube™** copper LP lines ensure a tight seal and years of corrosion free use.
- Residential style aluminum floor ducting distributes heat throughout the unit from a centrally located furnace.
- We believe in our products and back them with a two-year structural and major components manufacturer's warranty.

TAKE TIME TO DISCOVER THE COACHMEN STORY

Services & Tools

- **Industry Leading Buckstopper™ Warranty** – Coachmen's exclusive Buckstopper™ Limited Warranty provides one-year coverage on most parts, components and appliances. Coachmen stands behind their product and is supported by a network of over 300 service centers.

- **Two Year Structural & Major Components Manufacturer's Warranty** –

Coachmen provides a two-year structural and major components manufacturer's warranty, along with a complete written Warranty Summary Guide, for your peace of mind.

- **Comprehensive Owner's Information Guide** –

For your convenience we offer published materials on key equipment and options, as well as information pertaining to the function of important components. We also offer a true *Trouble Shooting & Maintenance Guide* for the simple answers to frequently asked questions.

- **Toll Free Service Numbers** –

These toll free phone numbers provide you with direct access to a Coachmen RV Service Representative.

- **Dealer Support Tools** – Coachmen makes sure that their dealers are well equipped and trained to service your needs with: Systems Manuals, PDI Manuals, Electronic Parts Catalogs, Coach-Link® "On-Line" Electronic Dealer Communication System, and continual service training.

- **Service Support Center Web Site** – Coachmen provides you access to key information 24-hours a day through the Internet. On-line you can find a Service Dealer Locator, Maintenance Information, Trouble Shooting Information, Product Warranty Information, Customer "E-Assistance", Frequently Asked Questions (FAQ's), and Publications ordering dating back to 1972 models.

- **Priority Parts Ordering** – Coachmen provides a program for overnight parts shipment in critical repair situations.

- **Ultimate Satisfaction First™** – Coachmen cares about their customers. We reach out through our customer surveys to gather valuable information, suggestions and feedback regarding your purchase and ownership experiences. Listening to our customers helps us achieve your "Ultimate Satisfaction First".

Hidden Quality Makes the Difference

Coachmen RV is committed to providing a high quality, reliable, and innovative product. We know that quality extends far beyond the "glitz" of a recreational vehicle and often, the most important aspects of quality are hidden in the design and construction of the coach. That's why Coachmen designs quality into our products up-front, through computer aided design and analysis software. This helps to assure appropriate weight distributions, structural integrity, alignment of the various parts and components and overall reliability of the design.

Our attention to quality does not stop on the computer screen, as all of our major product designs undergo rigorous road tests, rain booth testing, complete compliance audits for all codes, standards and safety related items, and comprehensive product audits.

Coachmen designs, builds and markets a superior product, for reasons that may not always be easy to see, however are very easy to appreciate down the road. Our hidden quality equates to high value, which can be critical to your long-term satisfaction.

Coachmen Caravan Camping Club™

Coachmen Caravan Camping Club is your ticket to making friends for life. Share old stories and make new, in the company of fellow Coachmen Caravan members. With the purchase of a Coachmen RV, you are invited to join the nation's largest manufacturer sponsored RV club with a **FREE 1st year basic membership or discounted Platinum membership**.
