

SPRINGDALE

2004

It's a Way of Life...

We proudly introduce the 2004 Springdale 280 fifth wheel in our Willow interior, offering richness and style previously unheard of in an RV at this moderate price point. Notice the new look created with curved dinette backs, fresh drapery treatments, and the unobscured panoramic view through the 40x72-inch picture window.

The 280 Springdale is a winner when it comes to interior cabinet space. And, for those aspiring gourmet chefs, the ample countertop space is a welcome feature. Also in the kitchen — matching appliances, the residential 60/40 deep bowl sink, and upgraded linoleum flooring, all attuned to the latest interior design trends.

Easy Living... Incredible Value

Springdale was designed with one main goal—Incredible value for your dollar. With Springdale, you will find that you don't have to spend a fortune to have all the conveniences and features that you want.

We use only high-grade building materials and we feature top brand-name appliances in the building of our products.

Springdale is one of the fastest growing brands in the recreational vehicle industry. In fact, an independent rating company has named Springdale as the best value in the United States in travel trailers and fifth wheels.

We invite you to see for yourself why customers keep coming back to Springdale. Thank you again for your interest in Springdale.

See you in the Great Outdoors!

Observe the rich effect of floor-to-ceiling cabinetry enhanced by the residential look of cathedral-style doors. You'll be thrilled with the complete wall of deep storage in this Springdale fifth wheel floor plan, reaching all the way into the bedroom.

In the foreground, notice the positioning of the entertainment center so that the TV can be enjoyed throughout the living area. Also notice the plush padded carpeting, until now available only in much higher priced RV's. Isn't this the life?

The 286 RLD-S features a "live-in" bedroom. Relax on the padded window seat and read, write, or just gaze at the scenery. Open the seat for complete access to the exterior pass-through storage space. Also, notice the vanity corner next to a 5-foot wide closet with four deep drawers underneath, creating a wall of storage.

Every Springdale features this 60/40 deep bowl white sink with a matching white high-spout faucet. Now you can prepare food and clean large utensils quickly and conveniently. There's a tip-out utensil tray under the sink, too. The details that are important to you are important to us.

Travel Trailers: Springdale XL

Functional Floor-to-Ceiling Pantry

Four bunk beds make this bedroom in our 372 XL travel trailer great for large families or overnight guests. At left, all four bunks, complete with matching spreads, are ready for a night's rest. By day, as shown in right photo, the lower bunk converts into a hobby/computer station with a lounge area. All this, and storage, too!

This large-capacity floor-to-ceiling pantry includes a tall compartment at the bottom for large packages and there's even room for a waste container. All your supplies will be in clear view and easy to reach.

This great idea is an example of the renowned attention to detail you'll find in all Keystone RV recreational vehicles. Springdale has located the dinette alongside the entertainment center in a medium-width slideout designed especially for our shorter models. This layout opens up floor space and creates a roomier feeling in the living area, found, until now, only in larger floor plans.
