Travel Trailers**

Heated & Enclosed Underbelly

There's never been quite as much room in a lightweight towable as you are sure to find in a Trail-Lite travel trailer from R-Vision. The electric slide-room provides increased spaciousness with the touch of a button, while the extra-roomy dinette features elegant arched backs and 5" reversible cushions.

Lightweight Living at its Best

The Trail-Lite lightweight travel trailer series from R-Vision was designed with your family in mind. Even the smallest Trail-Lite models feature kitchens that offer loads of work space to prepare any meal, while brushed metal appliances add a touch of class. There's a full compliment of overhead and base cabinet storage throughout the coach, including overhead cabinets in the slide-room.

Our unique designer window treatments feature wood inserts, side lambrequins, and brushed metal mini-blinds for a look that is unmatched in this price range. One of our hidden values is the fact that we install linoleum the entire length of the floor, even under the carpeted areas of the coach, providing the floor with long lasting protection and durability.

Utility Storage Door

Trail-Lite uses modern race car technology to bring you towing ease and stability. Trail-Lite's enclosed chassis is clear of the exposed holding tanks, crossmembers and outriggers that create turbulence when the trailer is towed. Airflow is smooth and drag is greatly reduced. Towing a Trail-Lite is a breeze!
