Durango™ Fifth Wheels • Make Every Day an Adventure!

325BH shown with Sienna décor

DURANGO™

by K-Z

Whether you're planning a quiet weekend retreat or a much needed extended getaway, you'll enjoy the affordable comforts of a Durango™ fifth wheel. Space expanding slide-outs, innovative and functional use of floor space and storage combine to make your leisure time more enjoyable.

It's the little things that make all the difference... You'll appreciate Durango's™ standard features that many others only offer as options. So select the floorplan and décor that best suits your needs.

Enjoy a cozy evening in front of the optional fireplace. For the music and movie fans, Durango™ offers a color TV, AM-FM CD/DVD player with 5.1 surround sound.

The optional queen size Posterest bed side slide out (shown here in the Sienna décor) is a wonderful space-expanding choice which allows for a full width wardrobe featuring sliding mirrored doors. The bed sports a beautiful quilted bed spread and matching quilted deluxe headboard.

A dressing vanity with deep drawer storage, sink with medicine cabinet and shower complete this bed and bath.

The queen size Posterest bed (shown here with the Amber décor) sports a beautiful quilted bed spread and convenient recessed bookshelf headboard with electrical outlet. The side wardrobes and overhead cabinets will provide plenty of storage.

You'll appreciate the safety lockbox in the floor of the bedroom closet to keep your valuables while you travel away from home.

The kitchen features a dual basin sink, microwave, oven, and refrigerator in a well organized area. But it's the little things that count, such as the combination florescent light that also doubles as a night light.

Convenience is the word that comes to mind when speaking of the Dirt Devil™ central vac system. It's great for quick clean ups or larger jobs.

If space is an issue, select one of our models that offer a larger sleep area. Any of our BH line (shown here) have an open concept design that is spacious and inviting. They provide a queen size bed as well as dual bunks for the kids or grandchildren. Under bunk storage, a closet and TV shelf all add to the appeal of this model.

The 325BH model (shown here) comes standard with an entertainment center in the bunk area, or if you prefer, you may want to select the optional second bathroom.

Durango™ Exterior Features

- Stand Up Profile (285 and up)

2X2 WARRANTY - The K-Z 2x2 Warranty is a manufacturer's warranty. Each K-Z product is warranted to the original purchaser for twenty-four (24) months from the original date of purchase. Coverage includes appliances, components, construction and FULL structure. Our warranty is also transferable within the first two (2) years for a small processing fee. For a copy of the warranty with full terms and conditions, ask your local K-Z Dealer or visit our web site at <http://www.kz-rv.com>.

VEHICLE LOADING - Every effort has been made to provide the greatest number of options for the recreational owner. Each owner is responsible to select loads allowing the recreational vehicle to remain within the manufacturer's specified chassis weight limits. Do not overload the recreational vehicle.

UNLOADED VEHICLE WEIGHT (UVW) - The typical weight of this trailer as built at the factory. The UVW does not include cargo, LP gas, fresh water, options or dealer-installed accessories.

GROSS VEHICLE WEIGHT RATING (GVWR) - The maximum permissible weight of the trailer, including the UVW plus passengers, all cargo, personal items, fluids, options and dealer-installed accessories. The GVRW is equal to or greater than the sum of the UVW and the NCC.

NET CARRYING CAPACITY (NCC) - The maximum weight of all passengers, personal items, fresh water, food, tools, LP gas, other cargo and dealer-installed accessories* that can be carried by the trailer. NCC is equal to or less than GVWR minus UVW.

* The addition of options will decrease the NCC.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a seasoned veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction.

See specification chart above. K-Z affixes a weight label to each new RV which lists weight information for that vehicle.

NOTE: This information is intended as a guide only. Weights of individual vehicles are approximate. Consult your Owner's Manual for complete loading, weighing and towing instructions. All weights may vary.

Awarded to K-Z
six years in a row.
