

The new fiberglass cap and towing diamond plate rock guard make the Sierra very attractive. The recreation-light is conveniently located under the awning for optimal nighttime use. Ultra-lube axles make maintenance a breeze.

OPEN. BEAUTIFUL.

(Above) The open floorplan for the kitchen of the 301BHD is intentionally designed with plenty of room to prepare your meals. The upper and lower, raised panel cabinet doors are made of solid oak and bring the touches of home on the road. It's residential comfort at your fingertips.

FIRST-CLASS TREATMENT.

(Right) Welcome to the "No more rainy days" room. Everything you need to occupy your time can be found right here in the rear bunk bedroom. The entertainment center and storage areas provide ample room to bring anything you'd want from home on the road.

LET THE OUTDOORS IN.

This Sierra campaign provides larger windows than the competition to make your camping experience more connected with nature. So pull up the blinds and enjoy the outdoors. It's vacation.

301BHD: TAN

Crash-out on the residential hide-a-bed sofa for the night. It comes complete with wooden accent feet, decorative throw pillows with accent fabric and fringe. Turn down the lights and watch a movie. The 100-watt in-line filter and 8-speaker surround sound of the Home Theatre System will bring the screen to life. The optional glider recliner (Right) is a comfortable captain's chair for your enjoyment.

335 RLT KITCHEN: STONE INTERIOR

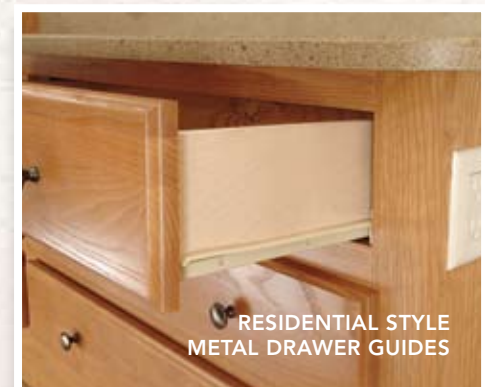

SLIDING PANTRY RACK

Above: The sliding pantry comes complete with 8 baskets that are fully adjustable to fit all food options. Full-extension ball bearings provide a smooth slide and the pantry comes with a travel lock built-in.

THE KITCHEN FOR KINGS.

The 335 RLT kitchen is designed to have everything you need within arms reach to prepare your meals with ease. As a result, the microwave is intentionally placed lower, the kitchen counter light brings your ingredients into view. The optional six-panel raised refrigerator insert matches the oak cabinetry and completes the package.

SIERRA HIGH-PROFILE FIFTH WHEEL

Invite your neighbors to dinner. The dining room table comes with a generous dining area providing ample space for guests. Retire to the living area and catch up on old times in the comfortable conversation area. You'll feel right at home.

305 5TH WHEEL

The smooth fiberglass exterior and the new upgraded exterior graphics are just a few of the features you will enjoy.

SOLID OAK WOODWORK.

This is America's number one floorplan by choice. The ample kitchen space provides the room you need to make meals with ease. The upper and lower cabinets are glued and screwed with premium lumber-core cabinetry and topped off with solid oak framework, raised panel doors and drawers.

Details are important, and we have tried to think of everything. Hidden behind cabinet doors, even the trash can has a holder to keep it in place on the road.

Move mountains with ease. The Sierra Power Tower (hydraulic pump and battery) is more efficient and smoother than the ordinary electric slide-out mechanism. The manual override, on all Fifth wheels, is easily accessible and user-friendly.
