

Travel Trailers & Fifth Wheels

Trail-Bay *Setting new standards for affordable luxury living.*

Model TB3529BH Shown with Dalaney Sapphire Interior

Model TB27DS Shown with Rye Interior

Model TB3529BH

The Trail-Bay 5th wheel from R-Vision features a single-level, stand-up bedroom and bath area with bed slides available on select models. With fully welded aluminum/laminated sidewalls, aluminum roof trusses and aluminum floor joists, Trail-Bay is the lightest and most solidly constructed 5th wheel in the market. The entertainment center in this model accommodates a 25" TV, while the flush floor slide offers increased spaciousness.

The combination of maple panels—both beaded and plain—provides a unique, elegant look. This upscale look with quality construction including plywood countertops, tongue and groove plywood floors and screwed cabinet fronts equal both form and function.

The Trail-Bay travel trailer series features solid maple raised-panel cabinet doors above and below with fluted slide-out fascia for the look of luxury. Professionally selected interior decor adds to the elegance and spaciousness of our well thought-out floorplan designs.

The bedroom of the Trail Bay travel trailer offers an inviting retreat with loads of overhead storage, nightstands with drawers and extra lighting for night time reading.
