Luxury Fifth Wheels

## At **Dynamax** reaching a higher standard is not an option, it's a tradition.

Surround yourself in refined luxury. Step up to brilliant cherry hardwoods, sumptuous upholsteries, contemporary styling and premium appliances. Experience the Dynamax difference – impeccable quality goes beyond what meets the eye. Trilogy is engineered to exceed expectations, enhance your living experience, and is built to last.

*At Dynamax, rich solid hardwoods are standard. Trilogy's cherry hardwood has a distinctive grain. Designer touches include a contemporary, two-tone, ultraleather 68" sofa, a residential style dinette, creative window treatments, lighting, and decor.*

Standard features include an electric fireplace and 40" LCD TV.

## Comfortable Living

Enjoy the view or the game together. Two 36" overstuffed residential rocker swivel recliners and a large picture window provide a great place to kick back and relax.

Trilogy boasts a sizeable walk-in closet with mirrored doors, a built-in shoe rack, 4-drawer dresser, and washer/dryer prep.

This modern kitchen features solid surface countertops with a waterfall edge, an attractive glass mosaic tile backsplash, a 30" convection microwave oven and premium stainless steel appliances, including a 22.6 cu. ft. refrigerator with a water and ice dispenser on the door.

# Trilogy Rock Solid From the Inside – Out

Trilogy's construction integrity is durable by design from inside to outside, and in between. And like all Dynamax products, Trilogy is backed up by one of the best warranties in the business.

3" Laminated plywood floor decking

6-Point, hydraulic self-leveling system

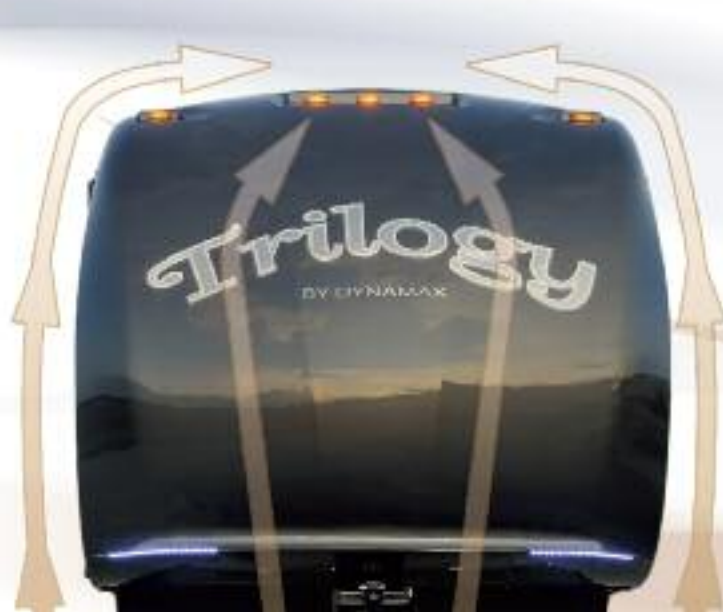

Sidewalls and roof frames are constructed with heavy gauge 1½" x 1½" aluminum tubing.

All slide out walls are welded and laminated within the sidewall to insure that the contour is consistent.

This 300 lb. hitch is rated at 3,000 lb. GVWR.

Body contours channel air flow up and around the Trilogy cutting through wind, while increasing fuel economy and optimizing aerodynamics.

# Cabinetry – Crafted to Perfection

Here's where old world craftsmanship meets cutting edge technology. Dynamax builds with rich natural solid hardwoods to produce the same exceptional cabinet construction found in finer homes.

Steel floor frames are 12" I-beam construction with a rust prohibitive coating.

Raised panel door detail

Dovetail construction

Pocket screws for structural integrity

Hand rubbed finishes optimize grain definition

Clear coated natural hardwood doors bring out the luster

CNC routed custom solid surface countertops

Custom louvered doors

Dividing walls and cabinets are reinforced for added strength

# Trilogy 3800 D3

As refined and well crafted as each Dynamax Trilogy model is there's still room for the little details that make life more comfortable. A shoe rack neatly tucked into the end cap area utilizes storage space in a smart way, while ceiling fans keep fresh air circulating throughout the living area.

## Trilogy 3800 D3
