

2019 TRAVEL TRAILERS

Della Terra

Committed to Making the Future Part of our Present

Environmental sustainability is an important component of our overall business strategy and operation. EAST TO WEST seeks to minimize the impact of our manufacturing process at every stage of production to help reduce, reuse and recycle waste, conserve energy and help preserve our natural resources.

Sustainable manufacturing enhances employee, community and product satisfaction. Our company prides itself on going beyond compliance and using innovation and strategic analysis to reduce our environmental impact. With five guiding principals - Sustainable Manufacturing, Corporate & Social Responsibility, Culture & Values, Quality & Construction and Commitment to Our Customers - every department at EAST TO WEST is committed to making the company's vision a reality.

Our Environmental & Sustainable Manufacturing Practices

RIGOROUS DESIGN STANDARDS AND EFFICIENT USE OF MATERIALS TO BUILD HIGH QUALITY PRODUCTS

COMPANY WIDE WASTE REDUCTION GOALS ENSURE MANUFACTURING SCRAP AND WASTE IS REDUCED, REUSED AND/OR RECYCLED

ENERGY CONSUMPTION AND REDUCTION GOALS AT OUR PLANTS AND FACILITIES

BY RECYCLING, CONSERVING ENERGY AND MINIMIZING THE USE OF MATERIALS, EAST TO WEST IS ABLE TO IMPROVE OUR BOTTOM LINE & PASS THE SAVINGS ON TO YOU

Della Terra

At EAST TO WEST, Inc. we build RVs for every adventure. Della Terra, our line of travel trailers, are designed with your comfort and convenience in mind. From countless features to reliable quality construction, we strive to offer you a product that will make your camping experience enjoyable for the whole family.

Della Terra means "of the Earth" in Italian

SPECIFICATION DEFINITIONS

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axel Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin at LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

**Estimated average based on standard build equipment*

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs. per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

***Estimated average based on stand build optional*

It is important for your safety that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle. Each EAST-TO-WEST RV is weighted at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit is applied to every EAST-TO-WEST RV prior to leaving our facilities. The load capacity of your unit is designed by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

ABOUT EAST TO WEST

Our company takes pride in our five guiding principles and our corporate philosophy which focuses on people working together to create high quality, value added products that deliver the ultimate RV experience.

SUSTAINABLE MANUFACTURING

An important objective to our strategy and operations is to implement economically sound manufacturing processes to reduce/ recycle waste & conserve energy and natural resources.

CORPORATE & SOCIAL RESPONSIBILITY

We foster a business environment in which we focus on and practice:

- Ethical Labor Practices
- Teamwork
- Philanthropy
- Volunteering

CULTURE & VALUES

We are a forward thinking company committed to fostering a culture of teamwork. By being transparent, we encourage our employees to think outside the box and make a difference!

QUALITY & CONSTRUCTION

Our team takes pride in each unit we build. Our manufacturing standards and point to point inspections ensure each EAST TO WEST brand is built to the same quality specifications every time.

OUR COMMITMENT

We strive to provide the highest quality products at the best possible price to our customers. We invite you to be a part of the EAST TO WEST family and we look forward to exceeding your expectations!
